Re: Proposed Plan for Site 22
Former Building 105 - Old Dry
Cleaning Facility, Naval Station Great Lakes
Great Lakes, Illinois

0971255048 - Lake
Great Lakes Naval Station
Superfund/Technical

Dear Mr. Hickey:

The Illinois Environmental Protection Agency (Illinois EPA or Agency) is in receipt of the Navy's Final Proposed Plan for Site 22, Former Building 105 - Old Dry Cleaning Facility, Naval Station Great Lakes, which was accompanied by the Navy's responses to Agency comments on the previously issued draft version. The Proposed Plan was drafted by Tetra Tech NUS, Inc. on behalf of the Naval Facilities Engineering Command Midwest (Navy). It was dated January 2008 and was received at the Agency on January 23, 2008. The Proposed Plan is being presented to satisfy the statutory and regulatory requirements for public participation under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and to seek public input on the proposed cleanup alternative. The Agency has reviewed the Final Proposed Plan and the Navy's responses and has nothing further to add.

Illinois EPA is herein providing our concurrence with the Navy's proposed alternative for the final remedy and with the contents of the Proposed Plan for Site 22, Former Building 105 - Old Dry Cleaning Facility, Naval Station Great Lakes, as written. The Navy may proceed with the Public Comment Period phase of the CERCLA process.
